

POLISHES, LUBRICATES & PROTECTS

Super SLICK Stuff? is the purest, gentlest and most powerful non-toxic polisher, lubricant, protectant and softener you can find. Like ***Botanic GOLD?***, the uses of ***Super SLICK Stuff?*** are limited only by YOUR IMAGINATION. ***Super SLICK Stuff?*** is manufactured using a different formulation of the ultra-safe, plant-based ingredients in ***Botanic GOLD?*** with the addition of another ingredient, silica.

Super SLICK Stuff? has multiple uses for automobiles, boats, RV's, home, office and personal care. The following list is just a sample of the many uses for ***Super SLICK Stuff?***.

Editor's Note: Unless otherwise noted the dilution ratio for Super SLICK Stuff? is 3/1 or 3 parts water to 1 part Concentrate. Please see Usage Guide for Botanic GOLD? dilution rates and directions.

AUTOMOBILE

CHROME — Spray with ***Botanic GOLD?***, multi-purpose solution & wipe with a damp sponge or cloth. Use ***Super SLICK Stuff?*** polish and buff dry.

EXTERIOR — It is best to work on a cool surface, in the shade. Remove bugs, bird droppings, tree sap and tar with ***Botanic GOLD?***, 3:1 solution. Mist on, let set 30 seconds, and then wipe with a damp cloth. Then use ***Super SLICK Stuff?*** (3/1 or even more diluted up to 7/1) mist on, a section at a time then scrub using a circular motion (as with regular car wax) with a clean terry cloth towel, then buff dry with a second terry cloth towel. This will leave a beautiful professional "detailed" appearance that resists dust and dirt.

SEATS — LEATHER or VINYL use ***Super SLICK Stuff?*** (straight concentrate) rub into surface with a damp terry cloth rag, to restore a "like new" appearance.

TIRES — Use the *Botanic GOLD?* 1:1 on white walls, spray on then agitate with a stiff brush, and rinse off with water. Buff dry. Use *Super SLICK Stuff?* (straight concentrate) to leave a protective shine.

VINYL TOPS — Spray on the *Botanic GOLD?* 3:1 solution and gently agitate with a damp terry cloth. For a beautiful shine use *Super SLICK Stuff?* (straight concentrate) buff dry.

RECREATIONAL VEHICLES

BOATS & YACHTS— For areas coated with carbon and oil, spray with the *Botanic GOLD?* 3:1 solution. Leave up to 30 minutes. Wipe with wet terry cloth. For Fiberglass areas, spray with the Multi-purpose solution. Use *Super SLICK Stuff?* (4/1), buff dry with a terry cloth for a “like new” appearance. Wipe off with a damp cloth. For vinyl seats, first clean with *Botanic GOLD?* 3:1 solution, wipe off with a damp cloth. Heavy buildup may require some scrubbing with a brush. Then apply *Super SLICK Stuff?* (straight concentrate) for a protective coating.

MOBILE / MOTOR HOME —

Mix 2-3 ounces *Botanic GOLD?* concentrate per gallon of water. Brush on surface. Rinse with water. Spray *Super SLICK Stuff?* (4/1) and buff dry to restore a “like new” finish.

KITCHEN

CABINETS & DRAWERS— If mica, spray on *Super SLICK Stuff?* polish. Wipe with a damp cloth. Spray the inside of the cabinets & drawers with *Botanic GOLD?* Multi-purpose solution. Wipe with a damp cloth. **DO NOT use on wood cabinets or oil based paint finishes.**

COUNTER TOPS — To remove dirt & grime, spray with *Botanic GOLD?* solution. Use 3:1 for heavily soiled or 7:1 for light cleaning. Wipe off with a wet cloth or sponge. To remove stains, scrub with a scrub pad or stiff brush, before wiping off. Wipe with a cloth misted with *Super SLICK Stuff?* (3/1) for a slick, shiny surface.

DISHWASHER — **WARNING:** Did you know that Dishwasher Detergents are the # 1 cause of child poisoning? Why eat on dishes that have been saturated in poisonous chemicals?

Use PURETEC'S™ *Botanic GOLD?* Instead and have a safer healthier home! Pre-spray heavily soiled or greasy dishes with the 3/1 dilution, first let set for a few minutes then Use 1-2 ounces of the diluted (3/1) *Botanic GOLD?* in the dishwasher. If you desire the “sparkling glasses” add 1 - 2 ounces of the diluted *Super SLICK Stuff?* (3/1).

STOVETOP — Spray the top with *Botanic GOLD?* 3:1 and let it a few seconds. Wipe with a damp cloth. Burned on food may require a scrub pad to loosen it. Re-spray as needed. If a solid top, spray with *Super SLICK Stuff?* then buff with a dry cloth to restore the luster.

OTHER USES

FURNITURE — To replace toxic furniture polishes; use *Super SLICK Stuff?* (straight concentrate). To remove wax build-up and grime, first spray with *Botanic GOLD?* 1:7 solution. Wipe with a damp cloth. **DO NOT use on wood furniture with varnished or oil based paint finishes.** Plastic or mica can be cleaned with a cloth dampened with *Super SLICK Stuff?* (3/1).

LAUNDRY – To replace fabric softeners or dryer sheets, add 2-4 ounces of 3:1 *Super SLICK Stuff?* to the rinse cycle of your wash or you can dampen a cloth with a 3:1 solution and put in the dryer with your laundry to prevent static cling.

HAIR DETANGLER – After shampooing your hair with *Botanic GOLD?* 1:7 mist 3:1 *Super SLICK Stuff?* on your hair while damp to help prevent tangles when combing or brushing your hair.

PET GROOMING – Use *Botanic GOLD?* 1:7 as a pet shampoo. Then follow with *Super SLICK Stuff?* in a 3:1 dilution. Spray it on your pet (horses included) before brushing or combing.

WARNING: *Super SLICK Stuff?* is true to its name and is very slick. To prevent accidental falls, **Do NOT** put *Super SLICK Stuff?* on floors, bathtubs or shower pans. **If this does occur**, use Botanic GOLD to remove the slippery coating left by *Super SLICK Stuff?* .

Also, because *Super SLICK Stuff?* is a cleaner/polish, we **DO NOT** recommend that it be used on varnished or painted wood. Most of the coatings are oil-based and the cleaner properties of *Super SLICK Stuff?* can cause the varnish or paint to become tacky to the touch.
